(1) Based on January through December 2010 R.L. Polk sales total registrations. Based on total sales. (2) Based on Ward's 2011 Middle Cross Utility segmentation (3) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (4) Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight. (5) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint.
