* 2012 ratings not available at time of printing

(1) Must use Bluetooth® compatible phone. (2) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (3) Requires SIRIUS Radio, Subscriptions governed by SIRIUS Terms and Conditions available; at siriuscanada.ca (4) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (5) The advanced Front air Bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly (6) Always check entire surroundings visually before backing up. (7) Always check visually prior to changing lanes (8) GPS mapping may not be detailed in all areas or reflect current road regulations. Navigation function uses part of the 30GB HD capacity (9) ACC is a driver convenience system, not a substitute for active driver involvement. † Prices as shown are MSRP. Excludes freight (\$1,400), air tax (\$100), insurance, registration, license, retailer administration fees, new tire. Duties in Quebec and dealer accessories are not included. Retailer may sell for less. Visit www.jeep.ca for complete details. Printed as of June 2011.
