FREEDOM-DRIVE[™] - AVAILABLE

Freedom Drive I[®]

- Fully automatic 4WD
- Suitable for full-time driving
- Fuel-efficient FWD operation under normal driving; when slip is detected, power is directed to the rear wheels
- The 4LOCK system splits torque evenly front and back for improved traction on slippery or loose surfaces

Freedom Drive II[®]

- Fully automatic 4WD
- Adds to Freedom Drive I
- Hill Descent Control provides a smooth and controlled descent using electronic brake control
- The 4LOW system locks the front and rear axles, allowing all four wheels to turn at the same speed
- 19:1 crawl ratio provides greater torque for towing or rock crawling

(1) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (2) The advanced Front air Bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly (3) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint (4) Requires SIRIUS Radio, Subscriptions governed by SIRIUS Terms and Conditions available; at siriuscanada.ca (5) Must use Bluetooth compatible phone. † Prices as shown are MSRP. Excludes freight (\$1,400), air tax (\$100), insurance, registration, license, retailer administration fees, new tire. Duties in Quebec and dealer accessories are not included. Retailer may sell for less. Visit www.jeep.ca for complete details. Printed as of June 2011.
