Since the time of printing, some of the information you'll find on this card may have been updated. Ask your retailer for details. 1. Jeep Grand Cherokee has received more awards over its lifetime than any other SUV. 2. Based on 2014 Ward's Middle Sport/Utility segmentation. When properly equipped. 3. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 4. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 5. Never program while driving. 6. GPS mapping and available 3D navigation may not be deleted or available in all areas or reflect current road regulations. 6. Requires SiriusXM radio subscriptions governed by SiriusXM terms and conditions available at [siriusxm.ca](http://siriusxm.ca). 7. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands or phone require a Bluetooth compatible phone. 8. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 9. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 10. Not compatible with all garage door openers. 11. Additional fees will apply for Dealer Activated Navigation. †Prices as shown are MSRP.
