

2016 Fiat 500X OVERVIEW

FCA Canada: The FIAT Brand Continues to Expand with the All-New Fiat 500X

- **2016 Fiat 500X combines iconic Italian style with functionality, performance and all-wheel-drive confidence**
- **All-new small crossover highlights continued expansion of FIAT brand in North America**
- **Delivers contemporary Italian design with iconic Cinquecento features in a larger, more capable package**
- **Features advanced drive systems, including two engine options, available 9-speed automatic transmission, and available all-wheel drive with disconnecting rear axle for improved fuel efficiency**
- **Loaded with over 65 available advanced safety and security features**
- **Available in five trim models and 12 exterior colours to offer the personality that FIAT vehicles are known for**

The all-new 2016 Fiat 500X is the latest addition to the FIAT lineup in North America, combining the authentic Italian design and engaging driving dynamics synonymous with the FIAT brand, together with an available advanced all-wheel-drive system, unmatched functionality, and a full array of safety, comfort and convenience features.

With comfortable seating for five, world-class craftsmanship, and superior ride and handling, the Fiat 500X delivers driving excitement, technology, safety and functionality to the rapidly growing small crossover segment.

In North America, the all-new Fiat 500X is available with the fuel-efficient 1.4-litre MultiAir® I-4 Turbo engine paired with a 6-speed manual transmission, with an output of 160 horsepower (hp) and 184 lb.-ft. of torque. The 2.4-litre Tigershark™ MultiAir I-4 engine produces 180 hp and 175 lb.-ft. of torque, and is paired exclusively to a 9-speed automatic transmission on all-wheel-drive and front-wheel-drive models.

A disconnecting rear axle allows for reduced parasitic loss when all-wheel-drive capability is not needed, improving fuel efficiency. The FIAT Dynamic Selector system allows the driver to choose from

three modes (Auto, Sport and Traction+) for the most suitable vehicle configuration in different driving conditions.

The 2016 Fiat 500X offers over 65 standard and available safety and security features, including Forward Collision Warning with Active Braking, Lane Departure Warning with Lane Keep Assist and Blind-Spot Monitoring with Rear Cross-Path Detection. Electronic Stability Control (ESC) with Hill-Start Assist and Electronic Roll Mitigation is standard on all models, as are seven air bags.

Loaded with technology and convenience, the Fiat 500X is available with features like Uconnect® 6.5 multimedia centre with a 6.5-inch high-resolution touchscreen and navigation, hands-free communication with Bluetooth® streaming audio, a 3.5-inch full-colour customizable in-cluster display centre, Keyless Enter 'n Go™, and heated front seats and steering wheel.

The all-new Fiat 500X was designed at Centro Stile in Turin, Italy, where designers leveraged the character and iconic features of the Fiat 500 into a larger and more mature package. On the exterior, design elements like double headlamps, a trapezoidal nose, the signature “whiskers and logo” face and the rounded clamshell hood pay homage to the original Cinquecento. The purposeful and distinct Italian design carries through to the interior with clever storage, body-colour instrument panel, a circular cluster display and iconic door handles.

The 2016 Fiat 500X is available in five trim levels: Pop, Sport, Lounge, and for a more athletic look, Trekking and Trekking Plus. The Trekking and Trekking Plus models feature unique front and rear fascia designs and Satin Silver accents for a distinct, aggressive appearance.

Warranty

The 2016 Fiat 500X is backed by a 5 year / 100,000 km fully transferable Powertrain Limited Warranty. Basic Warranty coverage is 3 years / 60,000 km.

Manufacturing

The Fiat 500X is crafted in Italy at Fiat Automobiles' Melfi assembly plant. As a global vehicle, it is sold in more than 100 countries worldwide.

About FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 90th anniversary in 2015. FCA Canada Inc. is a wholly owned subsidiary of FCA US LLC, a member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers and markets Chrysler, Jeep, Dodge, Ram and FIAT brands as well as the SRT performance vehicle designation. The company also distributes the Alfa Romeo 4C model and
