1. Based on WardsAuto Small Cross/Utility segmentation and MSRP of base models. 2. Based on WardsAuto Small Cross/Utility segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. 3. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 4. Based on WardAuto Small Cross/Utility segmentation, approach angle, departure angle, breakover angle, and water fording depth. Excludes other vehicles designed and manufactured by FCA US LLC. 5. Do not attempt water fording unless depth is known to be less than 51 cm (20 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 6. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 7. No system can repeat the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 8. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 9. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 10.
