

# ALL-NEW 2017 CHRYSLER PACIFICA HYBRID

## EFFICIENT ELECTRIC TECHNOLOGY

- Most technologically advanced minivan ever<sup>1</sup> delivering the first electrified drive system in the segment
- Can operate in zero-emission electric-only mode for a typical commute with an electric range of up to 53 km (33 mi) and a total driving range of up to 911 km (566 mi) with a full tank and charge<sup>2</sup>
- Outstanding fuel efficiency rating of 2.6 gasoline litres equivalent per 100 kilometres (L<sub>e</sub>/100 km) or 109 miles per gallon equivalent (MPG<sub>e</sub> – imperial gallon) in city driving<sup>3</sup>
- Battery recharges in as little as two hours with the available Level 2 240V charger

## INNOVATIVE POWERTRAIN

- Specially adapted 3.6L Pentastar™ VVT V6 engine and eLite Electrically Variable Transmission (EVT)
- Seamlessly transitions between all-electric and hybrid (combined gas/electric) modes as needed for the ultimate combination of power and efficiency
- Segment-first hybrid technology<sup>1</sup> includes:
  - Two electric motors both capable of driving the vehicle's wheels
  - 16-kWh lithium-ion battery
  - 6.6-kilowatt onboard charger
  - Front quarter-panel charging port location
  - Five-point instrument panel charging indicator, visible from outside the vehicle

## SLEEK, STYLISH & TECHNOLOGICALLY ADVANCED

- All-new exterior with sculptured, expressive styling, elegant accents and signature LED lighting
- Unique front grille pattern and wheel design, as well as distinctive badging
- Available Hybrid-exclusive Silver Teal exterior is paired with a high-tech interior environment including Anodized Ice Cave accents and Ice Blue stitching
- Serene, thoroughly modern interior with Active Noise Cancellation, Rotary E-shift dial, class-exclusive<sup>1</sup> Tri-Pane Panoramic Sunroof<sup>\*</sup> and customizable instrument cluster with hybrid-unique gauges

- Advanced SafetyTec™ Group<sup>7</sup> featuring Adaptive Cruise Control with Stop & Go, Advanced Brake Assist, rain-sensing windshield wipers, auto high-beam headlamp control, Forward Collision Warning with Active Braking, Lane Departure Warning with Lane Keep Assist, Blind-Spot Monitoring with Rear Cross-Path Detection, 360° Surround View Camera, Park-Sense® Front and Rear Park Assist and Parallel and Perpendicular Park Assist

### CAPABILITY & FUNCTIONALITY.....

- 6.6-kilowatt battery charger with cord
- Battery charge indicator
- Electric Power Steering
- 650-amp maintenance-free battery
- Capless fuel filler
- Heavy duty suspension

\*\*Optional Tri-pane sunroof available

**HYBRID**

**DISCLAIMERS:** 1. Based on the latest available competitive information for minivans in the WardsAuto Small Van segment. Excludes other vehicles designed and manufactured by FCA US LLC. 2. Electric range based on EnerGuide combined fuel consumption ratings, full battery charge and hybrid mode. Driving range based on EnerGuide combined fuel consumption ratings, fuel tank capacity, full battery charge, and hybrid mode. Your actual driving range will vary based on driving habits and other factors. 3. Based on EnerGuide fuel consumption ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. For EnerGuide information, please ask your retailer or visit the Government of Canada website: [www.vehicles.nrcan.gc.ca](http://www.vehicles.nrcan.gc.ca). Le/100 km is an equivalent measure of gasoline fuel consumption for electric energy consumed by Plug-in Hybrid Electric Vehicles (PHEV) operating in electric mode during city driving. Miles per gallon equivalent (MPGe) ratings based on imperial gallon. Use for comparisons only. 4. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 5. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at [siriusxm.ca](http://siriusxm.ca). 6. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 7. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared take corrective action to avoid collisions. 8. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 9. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.
