

FCA CANADA
2017 Chrysler Pacifica
OVERVIEW

What's New for 2017

- All-new 2017 Chrysler Pacifica and Pacifica Hybrid revolutionize the minivan segment with nearly 40 new minivan firsts
- After creating the minivan segment more than 30 years ago, FCA US LLC now boasts an unmatched 115 minivan innovations
- Re-engineered from the ground up on an all-new platform for class-leading ride, handling and noise, vibration and harshness (NVH) performance
- Delivers class-leading gasoline and hybrid powertrains to the minivan segment
- Gasoline-powered models with the 3.6-litre Pentastar VVT V6 engine and segment-first 9-speed automatic achieve best-in-class highway fuel economy as efficient as 8.4 L/100 km (34 MPG)
- Pacifica Hybrid (late availability) is expected to achieve fuel economy as efficient as 2.9 litres equivalent per 100 kilometres (L_e/100km) or 97 imperial miles per gallon equivalent (MPG_e) in city driving
- 2017 Chrysler Pacifica brings sculptural styling, beautiful surfacing and highly crafted execution to the minivan segment
- Offers more than 100 standard and available safety and security features, including 360-degree Surround-View Camera, Parallel and Perpendicular Park Assist, Adaptive Cruise Control with Stop and Go and Forward Collision Warning with Active Braking
- The most technologically equipped vehicle in its class with available all-new Uconnect Theatre rear seat entertainment, 8.4-inch touchscreen display and premium audio systems
- Full array of comfort and convenience technologies available, including available 8-passenger seating, Stow 'n Vac integrated vacuum, tri-pane panoramic sunroof, hands-free sliding doors and liftgate, and redesigned Stow 'n Go seating with Stow 'n Go Assist and Easy Tilt access to the third row

About the 2017 Chrysler Pacifica

The 2017 Chrysler Pacifica reinvents the minivan segment with an unprecedented level of functionality, versatility, technology and bold styling. Re-engineered from the ground up on an all-new platform, the Pacifica delivers class-leading gasoline and hybrid powertrains to the minivan segment. With more than

100 standard and available safety and security features, the all-new Uconnect Theatre rear seat entertainment system, and a full array of comfort and convenience technologies, the Chrysler Pacifica makes no compromises and is ideally suited for today's families. Chrysler Pacifica is built at the Windsor Assembly Plant in Ontario.

Highlights

- The 2017 Chrysler Pacifica was re-engineered from the ground up on an all-new platform, delivering class-leading ride and handling and reduced noise, vibration and harshness (NVH). Its body structure is the lightest and stiffest in its class, making it more responsive with lower levels of body roll and enhanced agility to absorb and distribute road inputs. Class-leading aerodynamics contribute to the Pacifica's best-in-class highway fuel economy as efficient as 8.4 L/100km
- The all-new 2017 Chrysler Pacifica minivan features a choice of two powerful, efficient and advanced powertrains – the segment's first hybrid vehicle, and the next generation of the award-winning Pentastar V-6 gasoline engine, which is mated to a segment-exclusive nine-speed automatic transmission and delivers best-in-class horsepower (287) and torque (262 lb.-ft.)
- The Pacifica Hybrid, the industry's first electrified minivan, will deliver an estimated range of 48 km (30 miles) solely on zero-emissions electric power from a 16-kWh lithium-ion (Li-ion) battery and an estimated 850 km (530-mile) total gas and electric range. The pivotal technology behind the all-new Chrysler Pacifica Hybrid is its innovative electrically variable transmission (EVT). Designed by FCA US, the device features two electric motors, which are both capable of driving the vehicle's wheels
- The all-new 2017 Chrysler Pacifica showcases the latest in advanced safety and security technology, offering more than 100 standard and available features. Available for the first time on the all-new Pacifica is the 360-degree Surround-View Camera, which uses four cameras positioned around the vehicle to provide 360-degree views, including a bird's eye perspective of the vehicle and its surroundings
- The 2017 Chrysler Pacifica is the most technologically equipped vehicle in its class offering an all-new Uconnect Theatre entertainment system with dual 10-inch front seatback-mounted touchscreens, 7-inch full-colour driver information display and the largest-in-class 8.4-inch touchscreen
- For audiophile-quality sound, the Chrysler Pacifica comes standard with six speakers and Active Noise Cancellation. Premium audio systems, either a 13-speaker Alpine system or a 20-speaker Harman Kardon surround sound system, are also available

- Other convenience features include the available Stow 'n Vac integrated vacuum powered by RIDGID; redesigned Stow 'n Go seating and storage system with all-new Stow 'n Go Assist and Easy Tilt; and segment-first hands-free sliding doors and liftgate that open with the kick of a foot

Model lineup

For 2017, the Chrysler Pacifica lineup consists of three models in Canada:

About FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 91st anniversary in 2016. FCA Canada Inc. is a wholly owned subsidiary of FCA US LLC, a member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers and markets Chrysler, Jeep®, Dodge, Ram and FIAT brands, as well as the SRT performance vehicle designation. The company also distributes Alfa Romeo models and Mopar products. In addition to its assembly facilities, which produce the Chrysler Pacifica, Dodge Grand Caravan (Windsor), Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development center in Windsor, and has sales offices and parts distribution centers throughout the country.

FCA, the seventh-largest automaker in the world based on total annual vehicle sales, is an international automotive group. FCA is listed on the New York Stock Exchange under the symbol “FCAU” and on the Mercato Telematico Azionario under the symbol “FCA.”
