2017 Fiat 124 Spider **OVERVIEW**

What's New for 2017

- 2017 Fiat 124 Spider returns nearly 50 years after original introduction, delivering iconic Italian style with a modern adaptation of the original Spider legend
- Fiat 124 Spider lineup includes Classica, Lusso and, for performance enthusiasts, Abarth Revival of the iconic roadster continues the expansion of FIAT brand in North America
- Powered by turbocharged MultiAir 1.4-litre engine, delivering up to 164 horsepower, 184 lb.-ft. of torque and fuel economy as efficient as 6.5 L/100 km (43 MPG) on the highway
- For enhanced driving dynamics, the 124 Spider features a double-wishbone front suspension and rear multi-link suspension with stabilizer bars, balanced weight distribution and tuned electric-power steering
- Available with an array of safety and security features, including adaptive front headlamps, Blind-Spot Monitoring with Rear Cross Path Detection and ParkView rear back-up camera
- Loaded with technology and convenience features, including available Keyless Enter 'n Go, Bluetooth connectivity, available heated seats, available Bose premium nine-speaker audio system and available FIAT Connect 7.0 with 7-inch touchscreen display
- Fiat 124 Spider arrives at North American studios in summer 2016
 - First 124 units are available as limited-production Prima Edizione Lusso, featuring a unique exterior and interior colour combination, an individually numbered commemorative badge.

About the 2017 Fiat 124 Spider

The all-new 2017 Fiat 124 Spider revives the storied nameplate, bringing its classic Italian styling and performance to a new generation. Paying homage to the original 124 Spider nearly 50 years after its introduction, the 2017 Fiat 124 Spider delivers the ultimate Italian roadster experience with driving excitement, technology and safety combined with iconic design. The 124 Spider is available in three trim levels: Classica, Lusso or, for performance enthusiasts, Abarth. The all-new Fiat 124 Spider arrives in FIAT studios in North America in summer 2016.

Highlights

- The all-new Fiat 124 Spider, designed at Centro Stile in Turin, Italy, borrows cues from the original Spider – widely considered one of Fiat’s most beautiful cars of all time – and reinterprets them for today. The 2017 124 Spider has a timeless low-slung presence, with a classically beautiful bodyside, well-balanced proportions and a sporty cabin-to-hood ratio
- The roadster comes standard with the proven 1.4-litre MultiAir Turbo four-cylinder engine, the engine’s first application in a rear-wheel-drive vehicle. The engine delivers 160 horsepower and 184 lb.-ft. of torque on Classica and Lusso, 164 horsepower and 184 lb.-ft. of torque on Abarth, and is available with a six-speed manual transmission with fuel economy as efficient as 6.7 L/100km (42 MPG) or a six-speed automatic transmission with fuel economy as efficient as 6.5 L/100km (43 MPG)
- The 124 Spider’s suspension uses a double-wishbone layout in front and a multi-link in the rear, specifically tuned for greater stability while braking and turning. Steering is light and responsive with the use of an electric power assist (dual pinion) system. Noise vibration and harshness (NVH) enhancements, including an acoustic front windshield and insulation treatments, also help to deliver a refined, quiet ride
- The Fiat 124 Spider Classica features a dual-tip exhaust, black roll bar finish, and body-colour A-pillar header, side sills and door handles. The vehicle also comes standard with 16-inch alloy wheels, Nero (black) premium cloth seats, halogen headlamps and LED tail lamps. Inside, soft-touch materials on the instrument panel are highlighted with light silver accents
- The Fiat 124 Spider Lusso model builds on the Classica, with standard 17-inch alloy wheels, silver-painted A-pillar header and roll-bar cover and dual-tip chrome exhaust. The interior features heated premium leather seats in Nero (black) or Saddle and a leatherette-wrapped cluster brow. The lower instrument panel also is wrapped in leatherette, with Piano Black accents throughout
- The Fiat 124 Spider Abarth offers a sportier, more responsive driving experience for performance enthusiasts. Features include a front and rear Bilstein sport suspension, mechanical limited-slip differential, front strut tower bar, Sport Mode selector and sport-tuned chrome quad-tip exhaust with the world-renowned Abarth sound. Its aggressive appearance comes complete with unique front and rear fascia, 17-inch Gun Metal aluminum wheels, and Gun Metal exterior accents, offering a one-of-a-kind appearance. Other available features include a Brembo braking system and Recaro Alcantara seats for added sportiness.
