SiriusXM satellite radio service available for purchase. 9. Streaming audio service available for purchase. 10. The number of air bags may vary by vehicle configuration. 11. Active front head restraints are standard on all vehicles. 12. ESC is a driver safety system that helps prevent loss of vehicle control by automatically applying the brakes to individual wheels. 13. This system can detect lane departures and apply the brakes to help prevent a collision. 14. Not compatible with all garage door openers. 15. Additional fees will apply for Dealer Activated Navigation. 16. Never program while driving. GPS mapping and navigation may not be detailed or available in all areas or reflect current road regulations.

2017 JEEP GRAND CHEROKEE *SRT*

Jeep[®]

SRT

IMPRESSIVE POWERTRAIN

The 6.4L HEMI® V8 engine delivers a massive 475 horsepower through an efficient eight-speed automatic transmission. Use the fully electronic automatic shift mode or climb up and down the gears with steering-wheel paddle controls. Eco Mode and Fuel Saver Technology complete the equation for both power and efficiency.

RACE INSPIRED LUXURY

A stunning interior featuring available Laguna full-leather seats sourced from one of the world's finest tanners, carbon fibre accents throughout the cabin, a heated flat-bottomed steering wheel and a largest-in-class 8.4-inch touchscreen¹ with SRT performance pages completes this premium look.

MOST POWERFUL SUV IN ITS CLASS¹

Best-in-class torque of 470 lb-ft¹ along with Launch Control delivers off-the-line acceleration of an astounding 0-100 km/h in as little as 4.8 seconds².

HIGH PERFORMANCE BRAKING

A Brembo high-performance braking system with four-wheel disc anti-lock brakes provides the stopping power for the Grand Cherokee SRT. Massive 15-inch rotors on the front with six-piston calipers and 13.8-inch rotors with four-piston calipers on the rear are clad in red to show off their enormous size.

DIAL IN PERFORMANCE

The Selec-Track® adaptive dampening system provides the driver the ability to precisely adjust driving settings to maximize performance. Adjust suspension, torque distribution, shift schedules, stability control and engine mapping all through this simple interface

ATHLETIC LOOKS

A tight-to-the-road stance, wide footprint and sinister "blacked-out" front end offer a menacing high-performance look. Distinctive headlamps, bright LED daytime running lamps and turn signals along with unique honeycomb grille and dual exhausts add even more intimidation.
