About the 2017 Jeep Patriot

The 2017 Jeep Patriot is unmistakably a Jeep SUV, designed to appeal to compact-SUV buyers who want traditional Jeep styling with best-in-class off-road capability at an affordable price. The Jeep Patriot is built in the United States at the Belvidere Assembly Plant in Belvidere, Ill.

Highlights

- The 2017 Jeep Patriot is powered by the 2.0-litre I-4 World Gas Engine, which produces 158 horsepower and 141 lb.-ft. of torque, mated to a five-speed manual on Sport models and a CVT transmission on High Altitude
- The 2017 Jeep Patriot's powertrain is designed to deliver world-class performance and refinement in all weather conditions and highway fuel economy as efficient as 7.8 L/100 km (36 MPG), all at an affordable, value-packed price
- The 2017 Jeep Patriot offers an optional powertrain, the 2.4-litre DOHC 16-valve dual variable-valve timing (VVT) I-4 engine, which produces 172 horsepower. Optional transmissions include the 5-speed manual transmission, the six-speed PowerTech automatic transmission or the continuously-variable transaxle with low ratio (CVT2) transmission with the Freedom Drive II Off-road Package that delivers a 19:1 overall crawl ratio
- Jeep Patriot is available in three drivetrain configurations – standard front-wheel-drive, available Freedom Drive I or Trail Rated Freedom Drive II 4x4 systems

- Jeep Freedom Drive I 4x4 is an available full-time, active four-wheel-drive system with lock mode designed to give drivers year-round assurance with the ability to handle rough weather and low-traction conditions. This active four-wheel-drive system is recommended for daily use, including slick conditions that come with rain and light snow. Freedom Drive I also features a lockable centre coupling, giving drivers the ability to put the Jeep Patriot in four-wheel-drive lock mode to handle deep snow, sand and other low-traction surfaces.
- The Jeep Freedom Drive II 4x4 Off-road Package is an available four-wheel-drive system that includes: second-generation CVT2L that engages when the off-road mode is activated, 19:1 crawl ratio, 17-inch all-terrain tires and aluminum wheels, a full-size spare tire, skid plates, tow hooks, fog lamps and manual seat height adjuster. This package is recommended for off-road situations that include steep grades, occasional wheel lift and rock or log climbing.
