5.7L HEMI V8 with FuelSaver MDS (AWD)	16.0 (18)	10.1 (28)

DISCLAIMERS: Specifications, pricing, illustrative materials and all competitive comparisons/claims contained in this document are as accurate as known at the time of production approval (August 2017). Some of the equipment shown or described throughout this document is available at extra cost. 1. Based on current competitive information for 2017 Ford Interceptor Sedan. 2. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 3. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates may apply. 4. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 5. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 6. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 7. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 8. Additional fees will apply for Dealer Activated Navigation.
