

FCA CANADA
2018 Jeep® Compass
OVERVIEW

About the 2018 Jeep® Compass

The 2018 Jeep® Compass expands the brand's global reach with an unmatched combination of attributes, which includes legendary and Best-in-Class 4x4 capability, advanced fuel-efficient powertrains, premium and authentic Jeep design, superior on-road driving dynamics, open-air freedom, and a host of innovative safety and advanced technology offerings.

A truly global compact SUV, the 2018 Jeep Compass is manufactured in Brazil, China, Mexico and India, for consumers in more than 100 countries around the world.

The all-new Jeep Compass, the most capable all-new compact SUV, offered an abundance of new features with its launch for the 2017 model year:

- Premium, sculptural design with a wide stance and exceptional glass-to-wheel proportions
- Legendary Jeep seven-slot grille sports a fresh approach that features a Gloss Black field with individual chrome outlines around each of the seven individual slots
- Available painted Gloss Black roof contributes to a unique, premium appearance in the compact-SUV segment
- Sophisticated interior developed with clean, sculptured forms, signature design elements, precise technical detail, high-quality materials and state-of-the-art technology
- Compass utilizes FCA's "small-wide 4x4 architecture" for best-in-class off-road capability and superior on-road performance
- Designed for Trail Rated adventures, small-wide 4x4 architecture features four-wheel independent suspension with up to 208 mm (8.2 inches) of wheel articulation and 216 mm (8.5 inches) of ground clearance
- North American models powered by proven, fuel-efficient 2.4L Tigershark MultiAir engine producing 180 horsepower and 175 lb.-ft. of torque
- Four Uconnect multimedia centres with 5.0-, 7.0- and 8.4-inch touchscreen sizes
- Fourth-generation Uconnect multimedia centres provide a range of available handsfree communication, entertainment and navigation features, including new Apple CarPlay compatibility and Android Auto
- Loaded with more than 65 standard and available safety and security features

About FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 92nd anniversary in 2017. FCA Canada is a wholly owned subsidiary of FCA US LLC, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers and sells Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo brands, as well as the SRT performance designation. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid and Dodge Grand Caravan (Windsor), Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
