DISCLAIMERS: Specifications, pricing, descriptions, illustrative materials and all comparative comparisons/claims contained in this document are as accurate as known at the time of production approval (June 2017). Some of the equipment shown or described throughout this document is available at extra cost. 1. Most Capable Small SUV Ever is based on historical Canadian unibody B-SUV segment competitors as identified by Wards-Auto Auto Small Crossover and Small SUV segments (years 1985-2014). 4x4 capability based on Jeep B-SUV offering low range power transfer unit (PTU) with 20:1 crawl ratio, low range 4x4 capability. 2. Jeep "Small SUV" sub-segmentation based on small sport and cross utility vehicles including Nissan Juke, Mini Countryman, Mini Countryman, Mini Countryman, Buick Encore, Honda HR-V, Best-in-class 4x4 capability based on Jeep B-SUV offering low range power transfer unit (PTU) with 20:1 crawl ratio, low range 4x4 capability. 3. Jeep "Small SUV" sub-segmentation based on small sport and cross utility vehicles including Nissan Juke, Mini Countryman, Mini Countryman, Buick Encore, Honda HR-V. 4. Driving while distracted can result in loss of vehicle control. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 5. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. Additional fees will apply for Dealer Activated Navigation. 6. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 7. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always be buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. 8. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 9. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 10. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 11. All SiriusXM Guardian™-equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrollment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. Services can only be used where cellular coverage is available. See Uconnect® and SiriusXM Guardian Terms of Service for complete service limitations.
