2018 Ram Commercial 3500, 4500 & 5500 Chassis Cab **OVERVIEW**

About the Ram Chassis Cab

Ram 3500, 4500 and 5500 Chassis Cab trucks are the Ram Commercial brand's halo trucks in capability. Engineered and designed for extreme daily work and to be upfitter friendly, Ram Chassis Cabs are built for an unrelenting duty cycle with direct customer input. Ram's most capable truck line focuses on delivering outstanding capability and low total cost of ownership — a leading purchase reason among business owners.

New For 2018

- Uconnect multimedia centres with 8.4-inch touchscreens now include Google Android Auto and Apple Car Play
- SiriusXM Guardian delivers advanced in-vehicle connectivity and useful apps for drivers and passengers. Features include SOS Call, Roadside Assistance, Send and Go, Vehicle Finder and Remote Services which can be used for virtually anywhere, allowing owners to lock, unlock doors, or start their vehicles
- SiriusXM Travel Link makes every trip more efficient, SiriusXM Travel Link provides premium data services and information, including weather, fuel prices, sports, and movies
- SiriusXM Traffic Plus works with the vehicle's navigation system to display traffic speed and flow information, along with accident information to assist drivers in routing around congested areas
- On-demand 4G Wi-Fi (late availability) hotspot capability provides faster speed and more reliable in-vehicle wireless internet connectivity to your laptop, tablet or smartphone and supports up to eight mobile devices

Highlights

- Ram Chassis Cab trucks can be ordered with an optional ParkSense Rear Park Assist system, which includes front park assist sensors
- Hands-free communication with Bluetooth streaming audio on lower-cost radios

- Engine options include:
 - 6.4-litre HEMI® V-8 gas engine powers Ram's hardest-working trucks with 370 horsepower at 4,600 rpm (410 horsepower at 5,600 rpm under 9,900 pounds GVWR) and 429 lb-ft of torque at 4,000 rpm, and features Variable Valve Timing (VVT) and Fuel Saver Technology cylinder deactivation
 - 6.7-litre Cummins Turbo Diesel engine available with high-output option producing 325 horsepower at 2,400 rpm and 750 lb-ft of torque at 1,500 rpm
- Industry exclusives:
 - Vehicle system interface module (VSIM) eases communication between aftermarket equipment modules and various Chassis Cab controls and functions
 - Electronic Stability Control (ESC) on all models
 - Best-in-class dual fuel tank capacity of 280-litres (197-litre tank plus 83-litre tank)
 - Best-in-class 24,000 kilometre oil change intervals on Cummins Turbo Diesel
 - Largest-in-class brakes
 - Best-in-class dual alternator systems up to 440 amps (220 amps each)
- Upfit friendly:
 - Industry standard frame lengths of 60, 84, 108 and 120 inches
 - No components or lines above the rear frame rails
 - Through-the-frame plumbing and electrical
 - Diesel exhaust fluid tank (DEF) refill port located at the rear of the cab on the driver's side

About FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 92nd anniversary in 2017. FCA Canada is a wholly owned subsidiary of FCA US LLC, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers and sells Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo brands, as well as the SRT performance designation. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid and Dodge Grand Caravan (Windsor), Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
