

RAM

2018 RAM **PROMASTER**

THE PERFECT BUSINESS PARTNER

PROVEN ON THE JOB SUCCESS

- Ram ProMaster offers a long list of best-in-class features, including*¹:
 - Standard Cargo Capacity – up to 13,110 L (463 cu ft)
 - Turning Diameter – as low as 11 m (36 ft) on 1500 with 118" WB
 - Cargo Width Between the Wheel Wells – 1,422 cm (56 in)
 - Low Load Floor Height – 533 mm (21 in)
 - Standard Interior Ceiling Height – 1,651 mm (51 in)
 - Standard V6 Horsepower – 280 hp
- Ram ProMaster has class-exclusive front-wheel drive¹ for enhanced ride and handling characteristics

REDUCE DOWNTIME & GET THE JOB DONE

- Headlamps run high on the front fascia out of the way of common collision zones
- The three-piece modular front fascia minimizes downtime in the event that repairs are needed
- Low total cost of ownership with the award-winning 3.6L Pentastar™ VVT V6 with recommended oil change intervals up to an impressive 16,000 kilometres² and exceptional power (280 horsepower and 260 lb-ft of torque)

GET THE PERFECT UPFIT

- The ProMaster lineup includes Cargo Van, Window Van, Chassis Cab and Cutaway models in a total of 13 unique configurations
- Available in three weight classes, three wheelbase lengths, four body lengths and two roof heights offering a ProMaster for virtually any job
- Nearly vertical side walls easily accommodate shelving to transform Ram ProMaster models into a workplace on wheels
- The class-exclusive front-wheel-drive configuration eliminates the rear drivetrain for more cost-effective upfits

† Late availability. 1. Based on 2500/250 and 3500/350 class pickups. 2. Oil change intervals will vary based on excessive engine run times, operating conditions, maintenance schedules, and driving habits. See your dealer for full details. 3. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 4. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 5. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 6. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 7. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 8. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations.
