

2018 RAM PROMASTER CITY[®]

CAPABILITY MEETS PRACTICALITY

BEST-IN-CLASS CAPABILITY

- Ram ProMaster City Cargo Van offers a long list of best-in-class features, including¹:
 - Payload – 862 kg (1,900 lb)
 - Towing – 907 kg (2,000 lb)
 - Cargo Capacity – 3,729 L (131.7 cu ft)
 - Standard Horsepower and Torque – 178 hp and 174 lb-ft of torque
 - Wheelbase – 3,109 mm (122.4 in)
 - Cargo Width Between the Wheel Wells – 1,229 mm (48.4 in)

DESIGNED FOR WORK & PLAY

- Class-exclusive independent bi-link rear suspension¹ designed for comfort and enhanced stability under all loads
- Proven 2.4L Tigershark[®] MultiAir[®] I-4 engine with a class-exclusive 9-speed automatic transmission is capable of reaching 50 km/h in as low as 3.7 seconds
- Exceptional cargo volume, wide enough to easily accommodate a standard 48-inch pallet

HIGH UPTIME AND LOW COST OF OWNERSHIP

- Headlamps run high out of the way of common collision zones
- Three-piece modular front fascia minimizes repair costs and downtime in the event that repairs are needed
- Recommended oil change intervals up to 16,000 kilometres²
- Impressive highway driving range up to 740 kilometres on a single tank of gas³

DISCLAIMERS: Specifications, pricing, descriptions, illustrative materials and all competitive comparisons/claims contained in this document are as accurate as known at the time of production approval (June 2016). Some of the equipment shown or described throughout this document is available at extra cost. 1. Based on the latest available competitive information for Cargo Vans marketed as Small Vans in the WardsAuto Small Van segment (Chevrolet City Express, Ford Transit Connect and Nissan NV200). 2. Oil change intervals will vary based on excessive engine run times, operating conditions, maintenance schedules, and driving habits. See your dealer for full details. 3. Driving range based on 2016 EnerGuide highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. Use for comparison purposes only. 4. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 5. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 6. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 7. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 8. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 9. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations.
