UCONNECT®

About 2018 Uconnect

Launched in 2003, Uconnect systems are FCA's in-vehicle connectivity centres, designed to keep consumers connected, entertained and, most importantly, focused on the road. FCA vehicles offer Uconnect systems that provide drivers with a range of available communication, navigation, entertainment features, and connected services. FCA continues to enrich the easy-to-use Uconnect systems' features and services by delivering various vehicle enhancements via over-the-air software update capability. This over-the-air software update capability, deployed automatically via wireless cellular networks, enables product enhancements, security updates and improved compatibility with mobile devices to be applied at no cost to FCA Canada Inc. vehicle owners and without a service appointment.

Vehicles equipped with SiriusXM Guardian include a 12-month trial period for connected services. These real-time services include a monthly vehicle health report; vehicle health alert; a smartphone app that enables owners to remotely lock, unlock or start their vehicle, locate their vehicle and more; and SOS Call and Assist Buttons on the rearview mirror that will connect vehicle owners to help at the push of a button.

Vehicle owners can access and control their Uconnect systems' features and services by using advanced voice recognition technology, convenient steering wheel controls and intuitive touchscreens or traditional knobs and buttons, as well as by utilizing the Uconnect app and Vehicle Brand Owner Site to remotely deploy secure commands to the vehicle.

New for 2018

- On-demand 4G Wi-Fi hotspot capability debuts in model-year 2018 vehicles that include the Chrysler 300 and Pacifica; Dodge Charger, Charger SRT, Challenger, Challenger SRT, Durango and Durango SRT; Jeep Grand Cherokee, Grand Cherokee SRT and Renegade; Ram 1500, 2500/3500 Heavy Duty and Chassis Cab equipped with the Uconnect 4C or 4C NAV system with an 8.4-inch touchscreen display
 - 4G Wi-Fi hotspot capability provides faster speed and more reliable in-vehicle wireless internet connectivity to your laptop, tablet or smartphone
 - The built-in Wi-Fi hotspot supports up to eight mobile devices

- Uconnect 4 systems continue to support smartphone integrations of Apple CarPlay and Android Auto on properly equipped 2018 Chrysler Pacifica, 300; Dodge Durango and Durango SRT, Challenger, Charger; Jeep Grand Cherokee, Grand Cherokee SRT, Renegade, and Ram 1500, 2500/3500 Heavy Duty and Chassis Cab, and Fiat 500X and 500L vehicles
- SiriusXM Guardian Connected Services debut in Canada for 2018 model-year Dodge Charger, Challenger, Durango; Chrysler 300 and Pacifica; Jeep Compass, Grand Cherokee, and Renegade, and Ram 1500, 2500/3500 Heavy Duty and Chassis vehicles equipped with the Uconnect 4C or Uconnect 4C NAV with the 8.4-inch display

Highlights

The Uconnect 4 systems first launched on select 2017 model-year vehicles and continue into the 2018 model-year FCA vehicle lineup. These systems include performance improvements with faster startup time and enhanced processing power, an 8.4-inch display that offers multi-touch gestures, vivid imagery, sharper graphics and the ability to support smartphone integrations:

- Apple CarPlay enables iPhone users to access Apple Maps, Messages, phone and Apple Music through Siri Voice control or the Uconnect touchscreen
- Android Auto enables easy and safe access to Google voice search, Google Maps and Google Play Music via the Uconnect touchscreen or steering wheel controls

SiriusXM Guardian Connected Services

SiriusXM Guardian delivers advanced in-vehicle connectivity and useful apps for drivers and passengers. Features and services include:

- Properly-equipped vehicles can be started from virtually anywhere, allowing owners to remotely lock, unlock doors or start their vehicles via the web or a smartphone app
- In the event of a collision, medical or other emergency, the occupant can press the SOS button located on the rearview mirror to be connected to a trained call centre agent who can send emergency assistance to the vehicle's location
- Should the vehicle run out of fuel, get a flat tire or need a tow, pushing the Assist button can pinpoint vehicle location, sending help as quickly as possible
- Use the SiriusXM Guardian smartphone app to easily search, map and send locations directly to the vehicle's Uconnect navigation system

The Uconnect 4 systems also include:

- Drag and Drop menu bar
- Siri Eyes Free
- Do Not Disturb
- SiriusXM Tune Start
- SiriusXM Satellite Radio

Built-In Navigation System

The Uconnect 4C NAV with 8.4-inch display offers navigation standard, including 3-D imagery of landmarks, city models and digital terrain. Utilizing the large, 8.4-inch touchscreen, Uconnect navigation delivers directions, lane guidance and points of interest. The touchscreen supports multi-touch gestures with pinch, tap and swipe capability. The Uconnect 4C NAV system features enhanced graphics and a one-step voice entry system so customers can easily say the address and navigate on the go.

SiriusXM Travel Link

To make every trip more efficient, SiriusXM Travel Link provides premium data services and information with a 5-year trial subscription that includes:

- Weather
- Fuel prices
- Sports
- Movies

SiriusXM Traffic Plus

SiriusXM Traffic Plus works with the vehicle's navigation system to display traffic speed and flow information, along with accident information to assist drivers in routing around congested areas.

About FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 92nd anniversary in 2017. FCA Canada is a wholly owned subsidiary of FCA US LLC, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers and sells Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo brands, as well as the SRT performance designation. The company also distributes Mopar and Alfa Romeo parts and accessories.

In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid and Dodge Grand Caravan (Windsor), Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
